

What's coming up:

Art Auction on Thursday, Oct. 28, from 5:30 to 8 p.m. The second Fundraiser will be at our New School at 21701 Lakeshore. Last year we had a Wine and Cheese Open house which was very successful and so we decided to do it again with a new twist. The clients have been working diligently all year to make this a night to remember. Each student will submit their favorite piece of artwork which will be put up for auction. We will also have artwork throughout the school for sale. We will serve appetizers as well as wine and beer. All will be included with a \$20 donation. Please call to reserve tickets now, last year was sold out! You may reserve your tickets by calling 216-731-4666 or emailing [mary-mavec@att.net](mailto:mary-mavec@att.net)

# Mary Mavec Gazette

## We all took a stroll down 200th Street

BY PETER DYBINSKI

On June 5th we participated in the 200th Street Stroll. There were a lot of booths set up from Lakeshore all the way to Home Depot. We had our own table and we sold bracelets that we made as well as some crafts. We enjoyed talking to all the people that stopped by, we listened to live music and some of us even danced! But the best part was that we got to ride

The Rocket up and down 200th street! Chuck's hat blew off during the ride but he was lucky that Barb Co-

miskey spotted it in the middle of the street on her way home and brought it back to Chuck.

## Introducing our new client, Emmett Gipson

BY MARY BARNO

Emmett Gipson is 43yrs. old and he is the fifth of six boys. Emmett's hobbies are watching Big Time wrestling, going to the library, and helping his mom around the house. He also likes going to the movies and watching them at home. His favorite Super Hero is Spiderman. Emmett lives with his mom Janie and he says "she is the nicest person you could ever hope to meet." Welcome Emmett we are so happy to have you!!

## It was flowers, flowers everywhere for Mother's Day

BY JOE SIVIK

We had our 1st Flower Sale on Mothers Day Weekend which turned out to be a great success!! The flowers

were from Bremec Greenhouse.

We also had a bake sale on the same day and earned almost \$60.00!! This money is going towards our Bowling Banquet in

January.

We helped load people's cars with all the flowers as well as selling baked goods. It was nice to see people we knew and meet the ones we didn't.

## Goodbye to Nancy Miklavcic, our friend

Nancy was our Director, Teacher, Mom, Volunteer and dear long time friend. We are saddened by her passing. Nancy died August 27 while surrounded by all of her children and grandchildren at Euclid Hospital.

Our schoolmate Chuck

will miss his Mom the most but we are sure to keep her memory alive which has been such an integral part of our school for the last 45 years.

Thank you Nancy for all that you gave from your heart, it surely reached ours....

## IN MEMORY OF . . .

Peter's Aunt **Agnes Sedey** passed away July 19th, 2010. Agnes was the youngest of eight children. Agnes was Mother to Brian and Mother in Law to Margie Peters legal guardians. The whole school attended the funeral at Holy Cross.

**Paul O'Brien**, husband of MaryAnn (nee Tamburello) passed away the first week of June. MaryAnn was a former Director at Mary Mavec and thought of fondly. There were donations made to Mary Mavec in Paul's name and we were very honored and thankful.

## We enjoyed our trip to the Rainforest at the Zoo

BY JOE SIVIK

We went to the Rainforest at the Zoo. We saw alot of different

animals. There were monkeys, bats, snakes.

Anita was even brave enough to pet the snake one of the zoo keepers was holding!

It was warm and misty inside so the animals would be in an environment they were used to. After the rainforest we had a picnic lunch outside.

## Thank you, volunteers!

We had a wonderful summer session and we would not have been able to go on so many outings if it hadn't been for our wonderful volunteers!! A special thanks to **MaryPat Dempsey, Millie Hood, Boots Manzo and Sunny Shaunessy**. We also had help from Holy Cross 2nd Grade teacher **Lauren** who came in and worked with the students on reading skills and Euclid High School Art teacher **Meg Graberick** who started us out with pottery and other creative ideas. The Lakeshore Garden Club deserve much thank, too. Time is the most precious gift we can give thank you ladies for all the time you freely gave!!

## Help us with our aluminum can drive

The students have started an aluminum can drive to fund special activities. We are thrilled with the response from the community! The first goal was to save for a bowling banquet for January and they have met that goal. They are now working towards earning enough money to go to the Rock Hall of Fame. We have been talking about ways to save our planet and

this was one of the ways they came up with. The clients are also removing the tabs of the cans and saving them for the Dialysis Center in Euclid. We are also learning about working towards goals and saving money to be able to do things that they enjoy. Cans can be dropped off by the back door of the school there is a can by the back door.

## Our nature walk

BY MARY BARNO

We walked around the nature center and saw alot of different animals. In the pond there were fish, frogs, turtles and herons. We ran into the Park Ranger, he was riding a beautiful black horse he talked with us and we all got to pet the horse. We walked across a bridge over the lake and there were really pretty white lilys and lily pads. We had a picnic lunch at the park and really enjoyed the air conditioning when we got back to the school.

## Marching on . . .

BY PETER DYBINSKI

We were in the Euclid Memorial Day Parade for the first time ever! Thanks to Mr. B's Uncle George for signing us up! We carried a large banner with our schools name. While three people marched with the banner others threw candy out to the people watching the parade. The rest got to ride in cars and wave to people as we passed by. We even had a convertible!
